Mr. Lockwood was born in Orange County, New York, in 1810. He moved to Orange when he was about sixteen years of age. He subsequently became engaged in the shoe manufacturing business. He leaves a widow and eight children—three sons and five daughters. He was a member of the Baptist Church. The funeral will take place on Sunday afternoon.

Entitled To The Best.

Samuel Peloubet has bought out Garrabrant's hardware business at the Centre. It is his intention to conduct a first class hardware and house furnishing business. A full line of goods will be constantly kept on hand. The prices will be found to be as low as the same quality of goods can be purchased elsewhere. Mr. Peloubet solicits the patronage of the people of Bloomfield and will endeavor to meet all the needs of the town in his line of business.

The Post Office was burglarized on Wednesday night. The thieves gained entrance by prying off the outside bars and opening the shutters that protect a window in the rear. A number of letters were rifled but as far as is known nothing of value to the theives was found in them. Small change to the amount of $1.50 and $7.50 in stamps was the total secured at a damage of five times as much to the property.

The annual meeting of The Essex County Building & Loan Association will be held on October 21st. At this meeting the stockholders will be called on to vote for two amendments to the constitution. The first is to give the Vice-President the right to sign checks in the absence of the President. Franz Sigel Company 12, U. G. S. B. of Bloomfield, held its annual meeting at Leutbaeusser's Hotel last night and elected these officers for the year: Captain, Joseph Schaup; first lieutenant, Louis Lang; second lieutenant, Otto Maus; financial secretary, Fritz Herold; recording secretary, Edward Schair; treasurer, Edward Schwerdt; sergeant-at-arms, Frank Bittner; color bearer, H. E. Dittig; finance committee, W. Dotzauer, W. Gransamer and Charles Haas.

An alarm of fire about half past two last Sunday morning called the Fire Department to the corner of Orange street and Bloomfield avenue. Egnitz Rensing's dwelling and Patrick Morley's saloon were on fire. The occupants had endeavored to extinguish the flames themselves, and considerable delay ensued before the alarm was given and when the firemen arrived the flames had made considerable headway. The first stream turned on proved effective and if the water pressure had kept up the destruction would not have proved nearly as bad. The building was the property of Mr. Rensing. The loss is estimated at $2,500, covered by insurance.

The annual meeting of the Young Men's Republican Club was held at the club-rooms on Glenwood avenue on Tuesday night. Reports from various committees were read. The finances of the Association are in good condition. The following officers were elected for the ensuing year: F. M. Davis, president; S. P. Gilbert, vice president; William Biggert, secretary; S. Morris Hulin, treasurer; Benjamin F. Baldwin, sergeant at arms; C. W. Powers, J. H. Hardcastle, C. E. McDowell, Thomas Cadmus and Spencer Hall, executive committee. A committee on membership was also appointed.

Charles Mead, a mason residing at 83 Myrtle avenue, died suddenly on Monday night from the effects of an overdose of chloral hydrate. Mr. Mead was suffering from inability to sleep. A friend recommended the drug to him. He sent to the drug store for it. He got about ½ ounce and dissolving it in a tumbler of water, took it all in one dose. The effects of the drug were soon manifest and medical aid was sent for, but before the physician arrived the man was dead. He leaves a wife and three small children. Coroner Wrighson made an investigation into the cause of Mr. Mead's death and pronounced that no blame attached to any one but deceased himself.

The worst cases of scrofula, salt rheum and other diseases of the blood, are cured by Hood's Sarsaparilla.

Waverly Fair.

The officers and clerks are now very busy in preparing for the annual exhibition of the State Agricultural Society, which will open on Monday, the 22d inst., and continue for five days. The buildings on the grounds have been put in thorough repair. Fifty new cattle stalls have been erected, a new judges' stand built, and the grand stand repaired and painted. All of the horse, cattle, sheep and swine stalls have been overhauled and made water-tight. The road from Frelinghuysen avenue to the main entrance has been macadamized in the best way, at an outlay to the society of $1,500. This improvement will be appreciated by those driving to the grounds.

The entries in the departments, including horses, neat cattle, sheep, swine and poultry, closed at the Society's office Saturday night. In the speed department all the classes are well filled. In department A, which takes in fancy road and team horses, there are nearly one hundred entries, which include many of the best stallions and mares in the State. The entries of neat thoroughbred cattle will number over three hundred, including fine representative herds of all the leading and popular breeds. It will be the largest and choicest cattle exhibit ever seen at Waverly. There will be seven hundred sheep and two hundred and fifty hogs. There will be eleven hundred coops of poultry, and besides these a large and attractive show of pigeons. A single exhibitor will show 250 cages of native and fancy plumed birds, which is the largest collection in this country. In the other departments the entries exceed in number those of last year. The exhibition will be attractive and instructive and all that is needed to make a success is a week of clear, cool weather.

Church Notes.

The Watsessing M. E. Church Fair will be held on September 3 th and October 1st.

The corner stone of the new Baptist Church on Fullerton avenue, Montclair, was laid last Saturday.

The subject of Rev. C. A. Cook's sermon on Sunday evening will be, "The Follies of Atheism."

Dr. A. H. Bradford of the Montclair Congregational Church will take for his subject to-morrow night, "John Calvin, Chief of Theologians."

The Young People's Society of the German Presbyterian Church closed a very successful fair on Thursday evening. The proceeds are to be used in purchasing a new carpet for the Church.

The corner stone of the new Bethel Presbyterian Church, corner of Dodd street and Midland avenue, was laid on Wednesday afternoon with appropriate ceremony.

The Rev. John Switzer of Almon, Long Island, a son-in-law of the Rev. Dr. Hauser, of the Seminary, preached in the German Presbyterian Church last Sunday.

The Glen Ridge Congregational Society Church intend to dedicate their new church edifice on Tuesday evening, October 28th. Dr. William M. Taylor, of The Broadway Tabernacle, New York, will preach the sermon.

Rev. Elbert Clement of the Watsessing M. E. Church, delivered an interesting discourse last Sunday night. He made some telling hits against the demoralizing evil of the day, "Gambling at the race track." In the opinion of the reverend gentleman the gambling evil eclipses the rum evil.

Caught After a Lively Chase.

The audacity with which rag pickers enter on private premises and help themselves to whatever may be lying about, has become a serious source of annoyance to people in general. Many will be pleased to learn that one of these cheeky pests met with his deserts last Saturday.

One of them entered the premises of officer James Foster, on Myrtle street on Saturday morning. Some carpet and other articles had been put out in the yard. Mrs. Foster saw the rag picker enter the yard and ordered him off. She was too ill to go out to him. The fellow discerned this and hastily stuffing the articles in his bag, leaped the back fence and ran to his wagon with them. Mr. Foster was at once dispatched for and [illegible] pursuit of the thief. When the fellow realized that he was being pursued he whipped up his horse and made off. He drove along Orange street, Hill street, Bloomfield avenue, Watsessing avenue, Harrison street, Montgomery street, Berkeley avenue and Newark avenue, where he was captured. His pursuers had kept close after him all the time. While crossing the Canal bridge at Harrison street he threw the stolen articles into the Canal. Officer Foster conducted his prisoner before Justice Hall, who committed the fellow to jail.

Can't They Finish up the Job?

The success of the Township Committee, their counsels, engineers and skilled workmen, in wrestling with the problem of the fountain at the Centre has been fair. It would have been complete if they could have had a day or two more before the storm came. The stone deposited at the opening of the culvert does not stop all the water from passing out; but a little more stone deposited there, and a load or two of earth taken from the mud hole lower down, would have finished the job; and the problem which has puzzled our rulers and their engineers so long would have been settled for a generation. As soon as the weather becomes fair let us hope that they will take hold again.

We would humbly suggest that, if the finances will allow, a few barrels of cement should be used; under the direction of an experienced mason, right under the fountain. If that does not suffice, then go back to upper end of the culvert and stop there. The water has been running through that culvert long enough already. The material for this purpose can be taken from the slough between the fountain and the bakery. Let us have one engineering job in the town done well. We think the course suggested will do it.

ASTERISK.

Wm S. Pierson Post, No. 38 G. A. R. will hold a Summer Night festival at Glenwood Park, Monday, September 22d. There will be Punch and Judy and other amusements for the children. A gold headed cane will be voted to the most popular member of the Town Committee. Music by Frank Brothers Band. The Park will be gaily decorated with lanterns, etc. There will also be fire works. A rifle range will be under the management of C. L. Voorhees, who will give all the crack shots in town a chance to show their skill. As earnest that the affair will be well conducted and everything of the highest order, we would mention that the undersigned are a few of the members who are interested and will be there with their friends, viz:

J. M. Bancroft,	S. Morris Hulin,
Theo. Cadmus,	Jos. A Peloubet,
Nathan Russell,	Geo. W. Cadmus,
Chas A. Clark,	Wm. J. Raab,
Geo. M. Cadmus,	Samuel G. Hayter,
Peter Erneunin,	Geo Rouband,
Rob't Madison,	Grant A. Wheeler,
John B. Dunbar,	Geo. T. Moore,
Geo. W. Way,	Wm H Dodd.

The Department Commander Matthews, has been invited and it is expected that he will be present with his staff.

The German Theological Seminary.

The German Theological Seminary opened for the term 1890 and 1891 during the past week. The number of students exceeds that of any previous year in the history of the seminary. The number of students last year was 36. This year 39 German students 2 Italian, and 3 Bohemian students have been admitted. The Italians and Bohemians are young men of bright and forcible minds. Their reception into the Seminary is in accordance with a plan adopted by the Board of Directors and the faculty of educating students other than Germans for the work of the ministry among their own people in America.

The Seminary is not large enough to accommodate all the students and some of them have been compelled to engage board outside. The service of Rev. Wm. A. Niles have been engaged. He will act as assistant instructor, and also in the financial department of the institution. Mr. Chas Vine..., a member of the class of 1890 has been engaged as a teacher.

The opening address to the students which took place on Thursday afternoon was delivered by Rev. Dr. Seibert. The Doctor's subject was "Conditions of Successful Study." The formal installation of Dr. Hauser as Professor of Church History and Hebrew Exegesis will take place in the Third Presbyterian Church of Newark in October. The affairs of the Seminary are in a prosperous condition. Its growth is eminently satisfactory to the friends of the institution.

The Thirteenth New Jersey Vols.

The fifth annual reunion of the Veteran association of the Thirteenth New Jersey volunteers was held Wednesday. There was 115 veterans present at the business session held in the City hall. These officers were elected: President, J. J. H. Love, Montclair; vice president, Jacob White, Paterson; secretary, Albert Delano, Newark; treasurer, Grant A. Wheeler, Bloomfield; corresponding secretary, S. M. Hulin, Bloomfield; chaplain, Rev. E. Livingston Allen Camden. The association will meet next year in Bloomfield.

A banquet was held in the evening in Wood's hall, at which many prominent people were present. An elaborate menu was served and many pleasant speeches were made.

Political Talk.

Congressman Beckwith has been renominated in the fifth district.

There will be no State Convention of Republican Clubs this year.

The Republican Congressional Convention will be held in Commonwealth Hall, East Orange, this afternoon. The indications are that Mr. Henry A. Potter will be the nominee.

The problem which the average political heeler in this State is now trying most industriously to solve is whether money can be corruptly used under the new ballot law at the coming election.

The Democratic Executive Committee are arranging for a public meeting of voters, for the purpose of giving an object lesson in voting under the new law. A booth will be erected and the process of voting exemplified.

Every Democratic Association in the state has been invited to send five delegates to the meeting of Executive Committee of the Democratic Society of New Jersey at Asbury Park, not Ocean Grove, on October 8th. Addresses will be made by leading Democrats of National reputation.

The Democrats are very sure that Michael T. Barrett will be their candidate for Senator. Several men who are supposed to represent the party leaders said yesterday that Jacob Haussling would be the candidate for Sheriff. William H. Brown may, however, surprise them in the convention. The same men talked of George S. Duryee and Thomas Dunn English as candidates for Congress. Mr. Duryee has repeatedly said he does not want to run, but it was said yesterday that if he was nominated it would hardly be possible for him to refuse. Dr. English's friends are very confident, notwithstanding reports that certain promises may not be kept.

The County Courts.

The Courts opened on Monday, September 8th. Judge Depue in his charge to the Grand Jury said, during the session of the last grand jury a shortage was reported to that body in the accounts of the deputy sheriff of this county, and since that time it has been known that a shortage had been discovered in the accounts of the clerk of one of the district courts.

"It was said that the shortage in the first named case resulted from the looseness and carelessness of the book-keeping in the office, and that the shortage in the latter case resulted from errors in book-keeping, and was due to oversight and mistake.

"In order to constitute a crime it is necessary that there should be a wrongful intent. The appropriation of the money of another by one holding a fiduciary position of itself implies a criminal intent, although there was an intention to pay over the money, and the crime cannot be condoned by the making of restitution.

"A number of complaints, it is said, were made in regard to the illegal sale of liquor, in which no indictments were found, and the public accusation is made that this was due to an unwillingness on the part of the grand jury to hear these cases, and to the fact that the complaints were withheld from them.

"That it shall be the duty of the foreman of the grand jury, before he is discharged, to certify to the court, under his hand, the names of such witnesses as shall have been by him sworn or affirmed."

"I desire to call the attention of the foreman and the clerk of the grand jury to this law, with a view to having placed on record the names of all witnesses summoned before the grand jury, in order that the public may know what witnesses appear before that body.

"There is one subject more to which I desire to call your particular attention in the future. It is that of fraud and irregularities in the popular elections. You all know the feeling that has been manifested on this subject of late. The legislature last winter remodeled the election laws. If it shall be necessary, I will take occasion to examine these laws, and will direct your attention to their provisions. I will retain this grand jury until after the fall election, and, it is possible, I may give you some instructions in regard to the law governing elections.

Glenwood Park to be Sold.

Rumors that a Newark brewer had purchased Glenwood Park from Mr. Epply and would run it as a summer garden next season were current this morning. Mr. Epply said that the park had not been sold but that it was for sale and was in the hands of agents for that purpose. There might be some truth in the rumor, as some one, whom Mr. Epply did not know, was negotiating for the sale. Mr. Epply said that he had set his price and if anyone paid it they could have the park.

Mr. Epply said the park never paid him and that the crowds frequently destroyed more than the rent of the park amounted to. He cited a number of instances where the destruction was purely vandalistic.

From others it was learned that the would-be purchasers are three gentlemen, two of whom are from Newark and the third is a well-known local business man whose name will be a guarantee that the park will be maintained in a first class manner should they procure it. As the contract has not been closed it would be premature to mention names.

MR. EDITOR:—Please allow me to whisper through your columns to some residents of our beautiful town that it would be still more beautiful if every property owner would see to it that the noxious weeds and brush were kept away along the sidewalks of our public highways. Here and there may be seen tall brush and weeds of not very attractive form, and that along streets which are much used. Some may not be aware of the unattractiveness and inconvenience caused by the weeds that are growing along their back fences, particularly board fences, which front another street. Perhaps a whisper in the ears of such will be sufficient.

A RESIDENT.

A bad condition of affairs exists on Montgomery street near the canal lock. An eyelet leading into the County culvert that crosses the street at that point has become chocked up, and the water accumulates in the street gutter on the north side of the street. The flagstone sidewalk is laid on an embankment. The water weakens the bank, and if the matter is not attended to, the town will be at a greater expense to relay the sidewalk than what it would be to at once construct a larger eyelet in the street. This is one of the many botch jobs of the Board of Freeholders which are to be found in several parts of the town.

CORSETS.

I know it hurts her though she looks
As cheerful as she can;
Her waist is ampler than her life,
For life is but a span.
O. W. HOLMES.

The poet would write differently now, for vast improvements have been made in Corsets. In our Thomson's Glove Fitting Corsets, for example, the wearer may have the appearance of a very slender waist without discomfort. It's all in the make and these are considered as reliable as any at $1.00, $1.25 and $1.50. As a perfect fitting and durable article we recommend Warner's Coraline and Health Corset, $1.00 and $1.25. In addition to these we have several makes known to the trade by various letters of the alphabet, each made with some commendable attribute to distinguish it. There is the "R & G." double boned on the hips $1.25. "P. D." imported and superior workmanship; "C. P." a French Corset of fine Material. For $1.00 you can buy an all whalebone woven corset and there is a good lot at 75c. and 50c. to pick from.

When you call ask to see Ferris' Good Sense Waist, comfortable things—do away with unnecessary pressure [if it can justly be called unnecessary.]
